It was not true that this organization was got up to clash with capital. They could not ask money to carry on their projects upon an under-standing of that sort. THE YERGER RESOLUTIONS.

The West Tennessee Whig, reterring to the presentation of the resolutions, to the Supreme Court, recently adopted by the Memphis bur, having reference to the death of Chancellor E. M. the character of Judge Yerger was life-like and vivid, and during its portraiture the Enightly spirit of the departed seemed almost recalled, and to linger again on the forum where it had won so many triumphs. Judge Sneed was much moved during the delivery of his remarks, and his words of sorrow crowder up almost too thick for utterance. It was a sad, a solemn occasion, not to be seen only to convince how strong was the hold of E. M. Yerger upon the hearis of his friends.
